TIRED OUT.

There's many a wife sits in the growing shadows of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Elizabeth A. Oswold, of 45 Brant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TERRIBLE EXPERIENCE.

After battling 12 hours in an open boat, with the temperature below zero and a mighty gale lashing the sea, Captain Gorst, three passengers and 10 of the crew of the ill-fated Furness liner Damara have reached Pleasant Point, near Halifax, N. S., in safety.

News of their safe arrival was received late yesterday in a telephone message from Musquodoboit harbor, 12 miles from the point of landing. The news was brought to Musquodoboit after a hard day's travel through almost impassable snow-drifted roads by one of the crew, who landed in the first boat that left the wreck. He telephoned the agents at Halifax that Captain Gorst and the others in the second lifeboat, which had been reported missing, reached Pleasant Point just before dark. The seaman reported that all in the captain's lifeboat were badly frostbitten and exhausted, some of them being so benumbed that had to be lifted out of their seats.

The landing was made with the greatest difficulty and all in the boat were thoroughly dreached by the big breakers. Every person was incased with thick ice from head to foot. Nearby houses were opened to the sufferers. It will be several days before the survivors can be taken to Halifax.

Mrs. Prowse, the only woman passenger who was in the boat, bore up under the ordeal wonderfully well. She encouraged the men when they were almost overcome by the cold and wearied with constant work at the oars. When near the landing the rowers were so fatigued that they could not force the boat through the surf. Men on shore waded out and dragged the boat in.

Captain Gorst said the Damara foundered at 10 o'clock Tuesday morning. They stood by her for six hours in the lifeboat, and it was only when the steamer went down that they pulled away.

Previous to the foundering of the steamer the seas were breaking clean over and tossing her about from one side to the other, the water in her hold causing her to roll with every motion of the waves.

PEACE NEARER?

It was stated in Berlin yesterday morning at the foreign office that recent events had brought peace between Russia and Japan nearer. It is hardly necessary to draw attention to the significance of this statement coming from such a source. The German foreign office has hitherto invariably denied that there was anything behind the peace rumors which have been current in Berlin, London and Paris from time to time.

The hope of an early ending of the war in the far East sent prices up to yesterday on the bourse at Paris and the bourse at Berlin.

Peace rumors, based on a very slender fonndation, a combination of circumstances, have given rise to a faint hope in Paris that the war will soon be over. The circumstances in question are patent to everybody, and are nowhere more thoroughly realized than among Russia's allies. The strong expressions in favor of peace in French newspapers and heard privately are no doubt chiefly promoted by humane considerations, but it is idle to deny that there is a good deal of concern among the French public on quite different grounds.

A report emanating from London to the effect that the Grand Dukes of Russia, determined to secure peace, had asked the friendly offices of Great Britain, was published in Tokio yesterday. The foreign office denied having any knowledge of the matter.

A Moscow dispatch says that city seems almost unanimously against the war. From St. Peterburg comes the news that the peace party grows stronger daily and that Grand Duke Nicholas is likely to be sent to Manchuria to succeed General Kuropatkin.

Double Tragedy.

A double tragedy followed a jealous quarrel between a married man of Bridgeport, W. Va., and a woman yesterday. Andrew Goudy was a brakeman on the Cleveland, Lorain and Wheeling division of the Baltimore and Ohio Railroad. He had a wife and one son. His victim was Mrs. Lorena Moore, aged 33, the wife of Joseph H. Moore, of West Wheeling. She has one daughter, employed in a Wheeling department store. Yesterday afternoon Mrs. Moore went to the home of Miss Ella Wilkinson, a seamstress, where Goudy met her. According to the story of Miss Wilkinson, they quarreled about something that happened last Saturday and Mrs. Moore started to leave the house. Goudy offered his hand, asking that they part as friends. He jerked her into a room, closing the door behind her. Then Miss Wilkinson heard a shot and tried to open the door, but Mrs. Moore's body was lying against it. She forced the door open in time to see Goudy turn the smoking revolver to his own head and fire. He dropped to the floor dead. Mrs. Moore was instantly killed, the 38-caliber ball passing through her brain. Miss Wilkinson said she had known Mrs. Moore for some time, and that the woman had met Goudy at her home but once before.

A Touching Story

is the saying from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At E. S. Leadbeater & Sons' drug store; 50c and $1.00 guaranteed. Trial bottle free.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, FEB. 9, 1905.

THE ADULTERATION of food is the most fraudulent, cruel and dangerous imposition practised upon the people of this country, and that immediate and heroic measures should be instituted against the perpetrators of this outrage is the conviction of millions who are being defrauded daily and their health menaced by people who are greater enemies to their fellow-beings than are the trusts. The proceedings of the Health Protective Association in New York a few days ago brought to light facts with which all should become acquainted. During the sessions of the association, some specimens of coffee and spices were passed around for inspection which were made up, according to the analyses pasted on the bottles, of almost everything except the substances indicated by the names. Black pepper was composed of ground olive stones, cocoanut shells, wheat middlings and white pepper shells. An analysis of ginger brought to light such things as wheat, flour, rice, bran, mustard hulls and in one case 20 per cent of plaster. Mustard was colored in one case with tumeric, a harmless vegetable oil, and in another with martius yellow, a poisonous coal tar dye. It was adulterated with flour, and in one case with 20 per cent of plaster. Coffee was adulterated with chicory and various other things. A sample of cream of tartar was made up of acid phosphate of lime and 70 per cent of plaster was exhibited. A specimen of currant jelly had been analyzed into starch paste, sweetened with glucose, colored with coal tar, flavored with chemicals and preserved with salicylic acid. Jellies and jams are said to be among the most grossly adulterated products on the markets and flavoring extracts, such as vanilla, lemon and orange, are as bad. These vile mixtures have been found to contain as much as 90 per cent of wood alcohol, an almost deadly poison, which acts upon the eyes and produces blindness.

ALL THE pending arbitration treaties were yesterday favorably reported from the committee on foreign relations. They were subsequently read to the Senate in executive session, and will be taken up for consideration at an early date. The vote in committee to report the treaties favorably was unanimous. The Bacon amendment was added to each, providing that any claim made the subject of arbitration must first be submitted to the Senate for approval. This was satisfactory to Senators representing southern States, who were apprehensive that some claim might arise which would open up the question of debts repudiated by the Confederate States. Ten treaties were reported with the following nations: Great Britain, Germany, France, Italy, Austria, Sweden and Norway, Switzerland, Mexico, Spain and Portugal. All have been made public except those with Spain and Sweden and Norway. The terms of all are identical. It is understood the President will accept the amendment adopted by the Senate committee, although he has heretofore insisted that they be ratified without amendment or not at all. The amendment neutralizes the treaties so that no arbitration can begin under them without the approval of the Senate being first given in each instance. This is regarded as notice that the Senate will insist on its full share in governmental functions. It is believed the Senate will ratify the treaties with the amendment now added.

DESPITE the victory of the statehood boomers from New Mexico, and the various republican Senators representing interests which are to be advanced by the admission of that Territory as a State, their schemes are threatened with almost certain defeat in the House. The House declined, when the statehood bill was considered there, to allow New Mexico to become a State without the addition of Arizona, and it is predicted it will now refuse to concur in the Senate amendment. When the bill reaches the House it will probably be referred to the committee on territories and may remain in that committee until the end of the session, which is so near at hand that an agreement between the two houses is impossible. It is asserted by the House that, owing to the radical changes made in the bill, it comes back from the Senate virtually a new measure, and therefore cannot be sent to conference at once except by unanimous consent. The Senators who voted for the bill declare that it is now the property of both houses and must be sent to conference. However, as the House will deal with the matter in its own way, this contention by the Senate simply widens the breach between the two houses on the statehood question and makes an agreement less likely. Should there be an agreement at all, it is predicted that all the bill will be stricken out except that portion relating to Oklahoma and Indian Territory, and that the boomers from New Mexico will have to make their fight over again.

THE PEOPLE of Richmond are a wonderful people. Some years ago, when Mr. John S. Wise made his wonderful political somersault, he was practically ostracized by his former friends in Richmond and soon thereafter left that city and has since made his home in New York. Now he has been invited to deliver an address in Richmond before the Daughters of the American Revolution of that city and is promised an outpouring of the people to hear him. Wonderful change!

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Feb. 9.

The principal features of the Esch-Townsend railroad rate bill, which will be passed by the House this afternoon, are as follows: The Interstate Commerce Commission shall have the right to name a just and reasonable rate in place of one found to be unjust and unreasonable, the same to become operative within 30 days. There shall be no suspension of said rate except upon reversal by the court of review. A court of transportation is established composed of five circuit judges selected by the President, which shall have the power to review orders of the Interstate Commerce Commission on appeal. The Interstate Commerce Commission is increased from five to seven members, no more than four of whom shall belong to the same political party, and their salaries are increased from $7,500 to $10,000 a year. Refusal to obey an order of the Interstate Commerce Commission respecting rates shall be punished by a fine of $5,000 for each day of such refusal. The President shall appoint five additional circuit judges to take the places of those appointed on the court of transportation. The court of transportation shall hold four sessions a year, beginning on the 1st Tuesday of March, June, Septemper and December. Appeals may be taken from the Court of transportation to the Supreme Court of the United States.

Mr. Carmack introduced a joint resolution in the Senate today declaring it to be the sense of Congress that it is unwise to take any further steps toward the consumation of the transfer of the Isle of Pines to Cuba until an investigation can be made into the value of the Island, as a possession of the United States, and the conditions respecting the vested rights of American citizens of New York, Iowa, Pennsylvania, Tennessee, Illinois and other States. The resolution went to the committee on foreign relations.

The House committee on industrial arts and expositions today authorized a favorable report on a bill appropriating $2,650,000 to aid the exposition at Jamestown, Va., the site of the first English settlement in America. Of the amount appropriated $2,000,000 is to be used in improving the grounds, in building a pier and in the construction of a permanent naval training school. The remaining $650,000 is for entertainment of foreign army and navy officers, the erection of a permanent monument at Jamestown and the building of a model of the Monitor, so that the historic battle between the Monitor and the Merrimac can be re-enacted.

A cablegram to the War Department from Maj. Gen. Corbin, at Manila, reports an engagement between Philippine scouts and pulajanes at San. Jose, Samar, in which Second Lieutenant Gustin, was wounded, one scout killed and five wounded. A thousand are pulajanes have been located in Mount Togo, and American troops are cooperating with the scouts to dislodge them. An additional battalion of regular infantry has been sent to the island.

Senator Kean's proposition for the appointment of a sub-committee of the Senate committee on interstate commerce to sit during the summer and investigate the railroad rate and kindred transportation questions, is proving a popular one, at the Senate end of the Capitol. His resolution, which is to be introduced tomorrow, will be first submitted to the committee and it is confidently expected that it will be adopted and reported to the Senate as a committee recommendation. There is no doubt that a majority of the Senate interstate commerce committee, including at least two of the democrats, are strongly of the opinion that this railroad question is too big to be handled in a hurry. When the Esch-Townsend bill, which is to be passed by the House today, comes over to the Senate, it will form a basis upon which the Senate committee can work. It is already recognized that in its present form it fails to meet several alleged causes of complaint, and that it must be amended in many particulars in order to perfect it. If the Senate authorizes the investigation proposed by Senator Kean, and it is confidently expected that it will, it is the intention of the committee to begin its work as soon as possible, after the adjournment of the present session, so as to be ready to report if the President should see fit to call an extra session of Congress next fall to consider the subject.

The statehood bill with Senate amendments was presented to the House by the Senate messenger today. The bill will not be considered until the vote on the railroad rate bill has been taken this afternoon. Speaker Cannon will then lay it before the House, and Chairman Hamilton, of the territories committee, will move that it be sent to his committee. It will take unanimous consent for the House to concur in the amendments or even to send the bill to a conference without considerations by the territories committee. Owing to the opposition of Speaker Cannon, Mr. Grosvenor and other leading republicans to the Senate amendments, there is no possible chance for the friends or the statehood measure to secure this unanimous consent. No present attempt will be renewed by the Senate to molest the Kearns amendment to the statehood bill providing for the annexation to Utah of 7,000 acres of land in Arizona, known as the "Arizona Strip". Mr. Bacon, who yesterday questioned its right to be in the bill as amended by the Senate, but which discussion was cut off by the clearing of the galleries and the closing of the doors, for the considerations of treaties, announced, today, that his purpose was merely to direct the attention of the House conferrees to the opinion of the majority of the Senate that the amendment should be eliminated. It is the prevailing belief that this will mean the rejection of it in conference.

Clarence J. Shearn, counsel for William R. Hearst, the complainant in the anthracite coal hearing now before the Interstate Commerce Commission, closed his argument this morning with an appeal to the commission to render whatever relief might be available in behalf of the consumers of the anthracite coal and independent operators, who, he declared, are oppressed by the combination of coal carriers and affiliated coal companies. Aldelbert Moot, associate counsel for the Erie, opened for the respondents. Mr. Moot attacked the manner in which the complaint had come to the attention of the Commission, and said: "We will not address ourselves to the socialistic questions which have been injected into this investigation, nor will we discuss municipal, state or government ownership."

The House committee on merchant marine and fisheries by a vote of 6 to 5, today tabled the bill providing for the erection of twenty fish stations. The bill carries about $500,000. The republicans defeated the measure on the ground of economy.

The nomination of James B. Reynolds, of Massachusetts, to be Assistant Secretary of the Treasury, was sent to the Senate today by the President.

Speaker Cannon today declared his opposition to the passage of a public building bill. He so informed the republicans of the public buildings committee when they called upon him today, to ascertain whether he would give an omnibus public buildings bill right of way in the House. He said he was also opposed to a river and harbor bill on the ground of economy. The public buildings committee will tomorrow determine whether or not it will report a bill. The committee members feel certain that they can put a bill through the House despite the opposition of the leaders.

TRYING TO SAVE McCUE.

It was decided in Richmond just before midnight last night to take the case of J. Samuel McCue, ex-Mayor of Charlottesville, who is sentenced to hang tomorrow, to the United States Supreme Court.

Marvin Smithey, a Richmond lawyer, left for Washington at 4 o'clock this morning to present the appeal.

The appeal will be made on the record of the trial as presented to the State Supreme Court.

It is not known what action the court will take, but it is believed that this appeal is made to secure another stay of execution in order to prevent the hanging tomorrow.

A concerted effort seems to be on foot in Virginia to save McCue. At present there does not seem to be the slightest ground for the belief that Governor Montague will commute the sentence of the condemned man.

It is not known whether McCue's counsel will again apply to the Governor, but it is not thought that they will act further in the matter, feeling sure that no good can come of it.

Whether McCue will confess the crime or not, is exciting great interest all over the State, but the general belief is that he will go to his death asserting his innocence.

McCue carries policies on his life aggregating over $73,000, and the action of the insurance companies is a matter of uncertainty.

A dispatch from Charlottesville says a final effort, and one generally regarded as hopeless, is being made to save the life of McCue by inducing the Governor to commute the sentence of the court to life imprisonment. A petition containing this prayer was circulated Tuesday by C. H. Moore, a prominent English resident. Yesterday a similar petition was carried around by the prisoner's 8-year-old son Samuel.

The rope and scaffald were tested yesterday morning. A bag of sand was dropped through the trap, which moved easily. The rope proved well able to bear the strain of a heavy weight.

Mr. R. C. L. Moncure of the firm of Machen & Moncure, of Alexandria, went to Fredericksburg Tuesday night in the interest of McCue. He interviewed Messrs. S. B. Quinn and R. C. Decker, who served as jurors in the celebrated McCue case, and secured from Mr. Quinn a petition to the Governor, asking him to commute the sentence to life imprisonment, and a personal letter from Mr. Decker to the Governor, stating that while he felt that he had done his duty as a juror, he would be satisfied with any action the Governor thought proper to take.

Mr. Moncure also secured the services of Dr. W. J. Chewning, who left for Charlottesville yesterday morning and, together with physicians from Richmond, Alexandria and Charlottesville, will pass upon the sanity of McCue. The result of their conference will be reported to the Governor. A petition was circulated in Fredericksburg yesterday among the citizens and generally signed, asking for commutation of the sentence to life imprisonment.

There are but two faint streaks of hope for McCue at present—commutation of the sentence by Governor Montague and the entertainment of an appeal by the U. S. Supreme Court. The only ground on which an appeal to the highest tribunal in the land may be had is that the condemned man was not convicted by due process of law. In other words, some constitutional objection must be set up affecting the prosedure at the trial and of such moment as to vitiate the action of the trial court. Sound lawyers, familiar with federal practice, are confident that it is now too late to set up such objection to the trial. It is understood that the original attorneys who defended McCue did not think it worth while to go to the U. S. Supreme Court, but the faithful friends of the prisoner were determined to exhaust every possible means to prevent the hanging of the prisoner.

Edward O. McCue, brother of the condemned man, was in Alexandria on Sunday last in consultation with Messrs. Machen and Moncure, when arrangements were made for securing the services of medical experts. The latter were to proceed to Charlottesville and examine into the prisoner's sanity. The physicians selected to make the examination are Dr. W. A. White, superintendent of the Government Hospital for the Insane, at Washington; Dr. Chewning, of Fredericksburg; Dr. Arthur Snowden, of Alexandria, and a Charlottesville physician, whose name could not be learned.

Senator Machen, when questioned as to his connection with the McCue case, said; "Mr. Moncure and myself were employed Monday on this case. We were advised that the action of the Governor would probably depend upon the present mental condition of Mr. McCue. To ascertain this condition, we secured several experts from Alexandria, Fredericksburg and Washington, who went to Charlottesville yesterday evening for the purpose of making an examination of Mr. McCue. Of course, we cannot say now what will be the result of that examination. We can only say that Mr. McCue's father, father's mother, father's brother and other members of his family, have been insane, and confined in the State hospitals. We have information that since Mr. McCue's conviction he has exhibited several symptoms of insanity, and has written a number of letters which indicate that he is not, at this time, sane. So far as we know, he is not aware that any further efforts are being made in his behalf, and, therefore, there is no reason to think that he is feigning insanity."

With but one whole day left in this world before his execution some time before sunset tomorrow, McCue awaits his doom without a seeming tremor of fear, but with apparent nervousness. He was more "shifty" yesterday than he has been since he was arrested, and talked with his visitors with less composure than formerly. Among his visitors were the pastors of two churches of Charlottesville, including his own. He was inclined to talk much of spiritual matters to all visitors, bnt to no one, as far as can be learned, has he referred again to his guilt or innocence. Speculation as to whether or not McCue will make or has made a confession continues, but nothing definite can be learned. When the Court of Appeals refused the condemned man a writ of error in answer to appeal of his attorneys and he was moved from his cell to a steel cage for a few days, McCue took from his trunk a paper and placed it in the inside pocket of his coat. This was reported as his will, but many persons have advanced the opinion that it is a confession that he will give to some minister and have made public after his execution. But few will witness the execution—a committee of twelve reputable citizens, including physicians, the newspaper men and a few others.

Charlottesville, Feb. 9.—The eve of the execution of ex-Mayor J. Samuel McCue finds his relatives making a last despairing effort to save his life. The governor will be asked, today, to stay the execution on the grounds of the insanity of the condemned man, and the United States Supreme Court will be asked to grant a writ of error according to statements made by attorneys for McCue. The three youngest children of McCue, Sam, Harry and little Ruby, are circulating petitions for clemency. Several lawyers are making a tour of cities from which the trial jury was drawn, asking them to sign a petition to the governor which reads as follows: "That had the plea for insanity been made the verdict would have been different—not murder in the first degree." So far as known only one or two jurors have signed. Before retiring last night, McCue sang the old hymn: "I would not live always," his death watch Jeffries, joining in the song. The belief that McCue will yet confess is strong, and grows from the prisoner's constant repetition of the fifth verse of the thirty-third Psalm which relates to confession to God and not to man. The hour of the execution has not been fixed by Sergeant Rogers, but it will be in the forenoon. Two ropes have been procured. One is brand new and comes from Philadelphia. The other was used in Augusta county, in the execution of a negro. The hanging tomorrow will be witnessed only by the few persons designated by law. It is said here that Messrs. Walker & Sinclair are not acquainted with any efforts that may be in progress to secure a postponement of the hanging by making an appeal to the U. S. Supreme Court.

Richmond, Va. Feb. 9—Governor Montague underwent the most trying ordeal of his life, at noon, today, when Ruby McCue, the 10 year old daughter of the condemned Charlottesville man, made a personal and tearful appeal for her father's life. She was led away by an aunt and her uncle, E. O. McCue. The governor was deeply affected. He indicated in a most delicate way to Mr. McCue that he would not interfere with the sentence of the courts.

Washington, D. C., February 9.—Attorneys Machen and Smithy, for J. Samuel McCue, of Charlottesville, sentenced to be executed tomorrow for the murder of his wife, today filed with Chief Justice Fuller, of the Supreme Court of the United States, application for a stay of execution and writ of error. The Chief Justice has taken the matter under advisement.

[Special dispatch to the Alexandria Gazette.]

Richmond, Va., Feb. 9.—E. O. McCue, Mrs. Rhodes, McCue's sister, and little Ruby today presented petitions from citizens of Charlottesville, asking that the Governor commute McCue's sentence to life imprisonment. The Governor took no action, but listened attentively to the petitioners. Messrs. Machen and Moncure will present their papers this afternoon. Indications point strongly to McCue hanging tomorrow.

Dr. Snowden returned to his home in this city from Charlottesville this evening. He says that the Alexandria attorneys did not put in an appearance in Charlottesville and that after an interview with the local attorneys it was decided to do nothing at this time. The doctors up to the time of his leaving Charlottesville had not made an examination of McCue as to his sanity.

General Miles Again.

In a statement issued in Boston yesterday concerning the recent discussion of the imprisonment of Jefferson Davis at Fortress Monroe in 1865-66, General Nelson A. Miles says:

"The matter has been agitated at different periods during the last 40 years, but never before has it been discussed in the halls of Congress. As far as my official action is concerned, it was directed by the highest authority; it received the approval of, and has never been questioned by my superiors or the government. I have no apology to offer of any kind to any person. The charge that the acts of the highest officials of the government or myself were prompted for the purpose of humiliating Mr. Davis or the people who associated and sympathized with him, is as puerile as it is utterly untrue.

"It is to be regretted that the high officials, President Johnson, Secretaries Stanton and Dana, Judge Advocate-General Holt and Major-General Halleck are not living in order that they might answer the vicious vituperation by which their names are now assailed. Still, I am sure that they acted in good faith and as they believed, for the best interests of the country, npon the information then in their possession and the condition of the country at that time."

Conditions in Russia.

Warsaw, Feb. 9.—There is little if any change in the situation here today, except that most of the strikers who resumed work are out again, and the authorities are somewhat nervous over the impending renewal of the strike and the accompanying rioting. At Kieff, the orders received for the troops to proceed to Manchuria have been countermanded and the troops will remain as long as the local authorities require their presence. The Thirty-third battery of artillery has received 120 rounds of shrapnel for every gun. The soldiers are sleeping in the streets prepared for trouble.

St. Petersburg, Feb. 9.—M. Witte, the president of the council of Ministers, it is learned, is now pressing moderate reforms energetically. The last meeting of the council discussed religious tolerance toward the unorthodox sects in Russia. It was decided that tolerance should be especially shown toward the sect known as the Old Believers. This is a decided step in the opposite direction from that previously pursued by the government. Even the Metropolitan Antonious and M. Sabler who is the assistant of M. Pobiedonotzeff, Procurator of the Holy Synod, supported this plan of tolerance. The question as to the amount of tolerance toward other sects will be discussed at the next sitting of the council.

St. Petersburg, Feb. 9.—The Government's attitude toward the workmen is daily becoming more conciliatory. The Minister of finance, however, announced that no legislation favoring the workingmen's claim would be enacted, nor would their suggestions be entertained. This change of the government's policy has alarmed the employers, who have decided to meet and discuss the possibility of granting some of the concessions demanded.

Berlin, Feb. 9.—The Lokal Anzeiger learns from a Russian official source that the Grand Duke Nocolaivitch inspector general of the Russian cavalry, will start for Manchuria next week to relieve General Kuropatkin of his command.

Wedding.

Pittsfield, Mass., Feb. 9.—Society people in large numbers from all parts of the country arrived in Pittsfield yesterday and today to witness the marriage of William Murray Crane, jr., son of U. S. Senator Crane, to Miss Ethel G. Eaton, daughter of Mr. Arthur W. Eaton, which will take place this evening. A more brilliant affair than this wedding will probably not take place in Massachusetts. Nineteen hundred invitations to the wedding ceremony in the First Circle Church have been issued and several hundred society people will attend the reception that will follow at Senator Crane's house. Invitations have been sent to President Roosevelt and other prominent men. The marriage of Miss Eaton and Mr. Crane means the binding together of the two greatest paper manufacturing families in New England. Mr. Crane is a member of the firm of Z. & W. M. Crane, of Balton, which manufactures all the paper used by the government in the manufacture of bills and bank notes. Miss Eaton is the daughter of Arthur W. Eaton, who is head of the Eaton-Hurlburt Paper Company, famous for the fine quality of stationery made by it. Young Crane is 23 years old.

The Turko-French Crisis Past.

Constantinople, Feb 9—Twofik Pasha, the Turkish Minister of Foreign Affairs, today called on French Ambassador Constans and declared Turkey would not only satisfy the French demands, with regard to the Syrian railways, but would order a part of the new artillery in France. It is arranged that the Germans will furnish a part of the new guns which will be ordered from the Krupps. The remainder of the new guns will be purchased in France. The War Office is greatly iritated by the Sultan's climb down in the matter, as it saddles Turkey with two artillery systems.

Sunk in Collision.

New York, Feb. 9.—The Standard Oil Company's steamer City of Everett, bound from this port for Sable Pass, Tex., returned today with her bow damaged, having on board twenty seamen of the Norwegian steamer Leif Erickson which was sunk in collision. The City of Everett, Captain Hunting, sailed from New York on January 29 for Sabine Pass for a cargo of oil. On Saturday, February 4, off Cape Romaine, Florida, in a dense sea fog and heavy gale, the Everett collided with the Erickson and sunk her.

New York Stock Market.

New York, Feb. 9.—The initial prices in the stock market today showed general gains as a rule, but subsequently a reactionary tendency was developed except in special instances. Most of the railroad list declined fractionally. In the industrial list the iron and steel stocks are inclined to firmness. The speculation as a whole appears inclined to lag.

Dear Sirs: There are these five ways of badness in paint:

(1) stuffed-out with chalk, or something like that;

(2) barytes, better than chalk, but no covering to it; nobody know it's there;

(4) too thin—too much liquid, whatever it is, for the solid;

(5) short measure;

Now will you buy by the price per "gallon?"

HOUSE.

Debate on the railroad rate bill was resumed when the House met at 11 o'clock today. Mr. Pierce said that he would vote for the Esch-Townsend bill, the republican measure.

This being the last day of the debate, a vote on the proposition to be had at 3 o'clock, the members displayed a greater interest in the proceedings than throughout the three preceding days.

Mr. Williams (of Miss.) and Mr. Hepburn will close the debate for the democrats and republicans respectively.

Mr. Thomas favoring rate legislation, said that unable to secure the adoption of the Davey bill, he would vote for the republican measure.

Mr. Shull opposed the special court feature of the Townsend bill.

Mr. De Armond said that the Townsend bill did not meet the requirements of the recommendations of the President in his message to Congress.

Mr. Crumpacker declared that the power to regulate railroads always existed and that the measure before the House simply defined the policy of regulating.

Mr. Williams, leader of the minority, said President Roosevelt had entered the democratic camp when he asked for railroad rate legislation and that he had again uttered a democratic doctrine when he declared that the Filipinos, when they were educated should be treated as Cuba has been treated.

Mr. Williams read the section of the Davey bill, which provides that the corrected rate decreed by the Interstate Commerce Commission shall be in force 20 days after it is fixed, and remain in force until such time as the court of last resort shall declare it to be unjust. Referring to the Townsend bill, he said that its passage would be a great improvement over the conditions now prevailing, but he drew attention to the fact that it is indefinite in its provisions regarding the continuance of the rate fixed by the commission during the time that the rate might be subjected to litigation.

Mr. Hepburn, chairman of the commerce committee closed for the majority. He complained that his bill had been misconstrued and that Iowa people had hung him in effigy.

The Davy bill—the democratic substitute for the Esch-Townsend—was then presented as an amendment and was lost by a vote of 151 to 186.

Mystery About a College Girl.

Miss Olive Templeton, 16 years old, has disappeared from the Adventist College in Berrien Springs, Mich. Miss Templeton was sent from chapel exercises last Thursday morning. Since that time no trace of her has been found. Sheriff Tennant has detailed a score of deputies on the case, and yesterday St. Joseph river was vainly dragged for several miles in the hope of finding her body. Miss Templeton is a daughter of a wealthy business man at Sawyer, Wis., and went to the college last September. Her father, in a telegram to the Sheriff, says he sent his daughter to college so she could escape the advances of a young man. One theory is that he has either abducted the girl or murdered her. In Miss Templeton's room was found all her clothing, even to the hat and cloak she was accustomed to wear, her money and all other belongings.

She then left to endeavor to raise the money to secure his release from the prison.

Probably Used Curari.

Curari, the most subtle and deadly poison known to modern science, is believed by Dr. Joseph Springer, formerly coroner's physician, of Chicago, to have caused the death of Johann Hock's wives. Dr. Springer is convinced that the fatal drug was probably administered by means of engagement or wedding rings. "By turning the inner edge of the ring," said Dr. Springer, "or making it rough or sharp in any manner, applying the curari on the rough edge and then slipping the ring on the finger so as to cause the slightest abrasion of the skin death would follow. It would only be necessary for the slightest quantity of the poison to reach the blood. One-sixtieth of a grain of curari is fatal." Among the persons who will be asked to identify Hock upon his arrival in Chicago from New York is a widow, who is said to have some years ago married a man known as Leo Praeger. The description of Hock tallies, it is claimed, with that of Praeger. According to information furnished the police, the widow that Praeger married had been left $6,000 life insurance. Of this amount, it is alleged, Praeger secured $3,500 to open a furniture store. A few days after the store had been opened the contents were mysteriously removed and Praeger disappeared.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WEATHER PROBABILITIES.—For this section partly cloudy tonight and Friday; light to fresh west to southwest winds.

More Dismal Weather.

The cloudy conditions of yesterday brought snow and hail late in the afternoon, which continued to fall throughout most of the night. The temperature, however, was not as low as that of the preceding night, the mercury at 7 o'clock this morning standing at 29°.

The operating of steam and electric trains has been accomplished with difficulty. Most of the trains arriving at and departing from this city have been more or less late. Trains from the far South reached here this morning veneered with sleet, while huge icicles hung from the roofs of the cars.

The river presented the same dismal scenes of the past few weeks. The Norfolk steamers continue to forge their way through the thick ice, but reach this port hours behind time. Powerful government tugboats manage to run up and down in the track made by the Norfolk boats.

The steamer from Norfolk did not arrive until after ten o'clock this morning.

The Baltimore and Ohio transfer service is at a standstill.

In addition to Somerset Beach and Stuart's wharf, on the river, which have been damaged by the ice, it is now reported that Clifton Beach wharf and the pier at Liverpool Point have been badly damaged by the drifting ice. When the immense mass of ice now covering the river begins to move grave fears are felt for the safety of all the wharves along the river.

Chesapeake Bay is represented as being a solid sheet of ice from Baltimore to Hampton Roads. It is likened unto a desert of ice, utterly devoid of shipping, save here and there, near shore, a few small oyster boats are locked tight. The freeze has covered the bay from shore to shore, and in some places is very thick. The opinion is expressed that the situation of the lighthouse keepers in the offshore lighthouses in the bay is becoming very serious. Boats have been unable to reach the lighthouses for over a week, and it is not known what supplies the keepers may have. It is said that some are short.

Funeral Services.

The funeral services of the late R. W. Gaillard were conducted this afternoon at the residence on St. Asaph street, between Duke and Wolfe. A number of friends and acquaintances were present, and R. E. Lee Camp of Confederate Veterans attended in a body. The services were conducted by Rev. Messrs. Phillips and Wallis and the pallbearers were Messrs. J. P. H. Mason, George Triplett and Donald McLean and Messrs. Benton Chinn, G. W. Ramsay, J. P. Robinson, K. Kemper, Mark L. Price, R. F. Knox and J. C. Milburn on the part of Lee Camp. The remains will tonight be forwarded by Demaine & Son, undertakers, to Winnsboro, South Carolina for interment.

The funeral of the late Robert L. Smith took place this afternoon from Demaine & Son's undertaking parlors. Rev. Mr. Jeffers conducted the services.

Meeting in the County.

According to a previous announcement, a mass meeting of the citizens of Alexandria county was held last night in the Mount Vernon avenue school house in Del Ray for the purpose of petitioning the board of supervisors to reopen the plans for the new overhead railroad bridge from Poorhouse lane to the Columbus street road. Mr. John M. Johnson, of this city, appeared as legal representative for the citizens. After considerable discussion a resolution was adopted appointing a committee of twelve citizens to appear before the supervisors at their meeting next Saturday night, and urge the adoption of plans providing for a thirty-foot roadway, with two sidewalks five feet each. There was no meeting of the Board of Supervisors, as had been expected, only one member of the board (Dr. Rust) being present.

The Late Joseph Roberts.

The death on Tuesday night of Joseph Roberts at the Alexandria Hospital brings to mind the mysterious shooting of that youth in the vicinity of the intersection of Duke and Henry streets on Christmas Day. Roberts, it will be remembered, was found with a bullet wound in one leg, and he was unable to tell how he received the injury. It was surmised at the time that Roberts was the victim of an assault, and for reasons best known to himself was averse to giving the name of the man who shot him. He reiterated the assertion that he did not know his assailant, and previous to his death, in an interview with his sister and a reverend gentleman who ministered to him in his last moments, said he had no idea who inflicted the wound.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Emanuel Corbin and Edward Johnson, both colored, arrested by Officer Nicholson for disorderly conduct and fighting, were fined $5 each.

James Porter, colored, arrested by Officer Lyles for stealing brass from the Southern Railway Co., was sent to jail for 60 days.

Edward Miller, colored, arrested by Officer Lyles charged with a similar offense, was also sent to jail for 60 days.

A white man arrested by Officers Lyles and Allen for being drunk and for disorderly conduct, was dismissed.

102 Years of Age.

Mrs. Susanna Cook, widow of Thomas Cook, of Alexandria, died at Havre de Grace, Md., yesterday afternoon of senile debility. She was 102 years old and had by direct descent great-great-great-grandchildren, some of whom now live in this city. She had two children, one of whom—Mrs. Kate V. Charflue—is still living. There were eight grandchildren, seven of whom are living and married. The funeral will take place from the home of her granddaughter, Mrs. Mollie Passenback, in Havre de Grace.

Marriage licenses were issued in Washington yesterday to Thomas Gant and Rosie Heflin, both of Loudoun county; Dabney Waller and Minnie Lee, both of Caroline county, and to George W. Grimmes, of Leesburg, and Annie L. Morris, of Ashbourne.

Personal.

Mr. P. F. Gorman is confined to his home by sickness.

Mr. John Robert Tomlin, son of Mr. W. O. Tomlin, of this city, has been appointed by the Governor as one of those to represent the schools of Virginia in the inauguration parade in Washington on March 4th next. Mr. Tomlin is a graduate of the George Washington High School of this city.

Maj. James E. King, of the Seventieth Virginia Regiment, has appointed Dr. T. B. Cochran battalion adjutant; Dr. Rittenour battalion surgeon, and Mr. Truman Ashton sergeant major of his battalion. This makes all the battalion staff Alexandrians.

Mrs. L. C. Barley and Mrs. S. G. Brent last night at the former's residence, on Columbus street, very delightfully entertained the Ladies' Euchre Club, the meeting of which was well attended notwithstanding the inclemency of the weather. The prizes were won by Mrs. George Uhler and Mrs R. W. Fuller, Dr. Hugh McGuire and Mr. Albert Murdaugh. A beautiful supper was served during the evening.

Rev. Fathers Collins, of Harper's Ferry, and Lackey, of Falls Church, were yesterday the guests of Rev. Father Cutler, at St. Mary's Church parsonage.

Mr. Albert G. Horz has returned to his home after spending a week visiting his friends in Alexandria.—[Baltimore American.

Contract Surgeon Joseph L. Sanford, at Clifton, Fairfax county, who has many friends here, has been ordered to Fort Leavenworth, Kan., to accompany the 6th Infantry to the Philippines.

Mr. Lewis A. Nalls, of 517 south Alfred street, is confined to his home with a severe case of bronchitis and grip.

Feeding the Birds.

The track foreman of the Washington-Southern Railway has been instructed by the officials to purchase grain with which to feed the birds on the line of the road between this city and Quantico. A sufficient supply of wheat has been procured and the grain is being strewn along the line of the new track now being laid by the Washington-Southern Company. The severe weather has been especially hard on the feathery creation, and in many instances partridges and other birds have been forced to enter towns and cities in order to find something to sustain life.

Virginia Trust and Savings Corporation.

There is nothing new to note in regard to the Virginia Trust and Savings Corporation, the affairs of which were ordered by the Corporation Commission to be placed in the hands of a receiver yesterday. A youth answered questions propounded at the bank this morning. He said Mr. L. G. Smith, president and treasurer of the concern, was sick Mr. S. G. Brent, Commonwealth's Attorney, will probably bring the affairs of the association before the Corporation Court in the near future.

Anniversary Meeting.

Alexandria Lodge of Elks will celebrate the third anniversary of the organization of the order in this city by a social session tonight at which refreshments will be served. An interesting musical and literary programme has been prepared for the occasion. The socials heretofore given by Alexandria Lodge have been exceedingly interesting, and that of tonight will be on the line of the others.

The Electric Road.

Nothing has been received here from the State Corporation Commission concerning the electric railroad matter, but the impression is that the commissioners will enter an order directing the company to make most of the improvements asked by the patrons of the road, when the commissioners met in this city last week.

LOCAL BREVITIES.

The Alexandria Pepetual Building Fund Association has sold to M. S. Fairfax, the house and lot on the west side of St. Asaph street, between Cameron and Queen, formerly owned by Chas. G. Lennon.

Mr. J. R. Henderson, living in the Western part of the city, slipped on the ice, fell and broke one of his ankles this morning. He was conveyed to his home in the Alexandria Hospital ambulance.

A prayer meeting, under the auspices of the Allison W. C. T. U., will be held at the Children's Home, corner of Duke and Royal streets, at 7:30 tonight.

The mercury at 3 o'clock this evening registered 40° and the snow commenced to gradually disappear. The streets are in a slushy condition.

One of the cars on the electric road jumped the track near Lloyd's this morning, causing a short delay in the running of trains.

A meeting of the W. C. T. U. will be held in the parlors of the Children's Home Friday at 4 o'clock p. m.

Carnival Gayeties at Home.

Shrove Tuesday, or Mardi Gras, as they call it in Louisiana, falls this year on the 7th of March. The carnival season of 1905, therefore, which in New Orleans always begins with the splendid tableaux and ball of the Twelfth Night Revelers, January 6—that being a fixed anniversary—will cover a period of two months. Usually it is much shorter, since Mardi Gras usually falls in February. The thirteen big festal events, apart from the public masquerades and festivities engaged in by the population at large, will thus follow at greater or less intervals, instead of treading fast upon each other's heels, as is the case seven years out of ten. A list of the functions in chronological order are:

January 6—Twelfth Night Revelers—Tableaux and ball.
January 16—Amphictyons—Tableaux and ball.
February 6—Crewe of Nereus—Tableaux and ball.
February 17—Falstaffians—Tableaux and ball.
February 20—High Priests of Mithras—Tableaux and ball.
February 23—Elves of Oberon—Tableaux and ball.
February 27—Consus—Tableaux and ball.
February 28—Atlanteans—Tableaux and ball.
March 2—Knights of Momus—Street parade at 8 p. m. Tableaux and ball.
March 6—Arrival of Rex 2 p. m. Naval and military parade.
March 6—Krewe of Proteus—Street parade 8 p. m. Tableaux and ball.
March 7—Rex parade 10 a. m. Ball 8 p. m.
March 7—Mystic Krewe of Comus—Street parade 8 p. m. Tableaux and ball.

The few, who are able, through personal experience, to make a just comparison will unanimously corroborate the assertion that nowhere in the world can one witness a carnival as brilliant, as picturesque, as gay, as orderly, and as delightful as in the old French-Spanish capital of Louisiana, which lies within thirty hours of Alexandria by way of the Southern Railway over which the most magnificent trains in the world are run.

News of the Day.

Attorney General Moody has issued instructions prohibiting United States attorneys and marshals from acting as legislative agents.

There was another terrific explosion yesterday morning at the Rockdale Powder Mills, in the Sixth district of Baltimore county, Md., near Hoffmanville, and three workmen were injured.

Ambassador Porter, in a dispatch to the State Department, says he believes he has discovered the bones of John Paul Jones in an ancient cemetery in Paris, and suggests that they be sent to the United States.

Three men are dead, seven were injured, and three are missing as the result of an explosion of 10,000 pounds of dynamite in No. 3 shaft of the Kearsarge branch of the Osceola Consolidated mines, near Hougton, Mich., yesterday afternoon.

Attorney General Moody has issued a letter of instructions to all United States attorneys requiring a strict enforcement of the safety appliance laws enacted for the promotion of the safety of the traveling public, as well as for the protection of railroad employes.

Representative Maynard yesterday introduced a bill in the House authorizing the Secretary of Commerce and Labor to establish anchorage grounds for vessels in Hampton Roads and the harbors of Norfolk and Newport News, and to make certain necessary regulations. A fine of $100 for violations of these regulations is provided.

Mrs. T. L. Willoughby, of Stafford county, had a narrow escape from being severely burned Tuesday. She was winding a clock on the mantel over an open fireplace and her clothes caught fire from the flames. But for the prompt action of her son, who smothered the flames, Mrs. Willoughby would have been fatally burned.

It is reported that former Judge Clarence J. Campbell will be a candidate for the Legislature from Amherst county this year. Judge Campbell was removed from the Amherst county bench by the Legislature for cowhiding Rev. Mr. Crawford, of the Anti-Saloon League. He had acquitted Mr. Crawford of the charge of contempt of his court.

After Senator Platt.

C. W. Post, of Baltic Creek, Mich., who has interested himself largely in the establishment of a parcels post system yesterday filed with President pro tempore Fryeio, the Senate, a petition for the expulsion of Senator Thomas C. Platt from the Senate. The petition is based on the assertion that Mr. Platt, as the executive officer of the United States Express Company, is a party to a conspiracy to maintain identical rates among express companies for articles shipped over their lines, and he asserts that Platt has told representatives of his that he will oppose all legislation injuriously affecting his company's interests.

This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Charges Against a Senator.

A concurrent resolution was introduced in the Wyoming State Senate yesterday by Senator Keister, democrat, relating to rumors of charges against United States Senator Francis E. Warren and demanding a triple investigation by the legislature of Wyoming, the Senate of the United States and President Roosevelt.

The resolution was promptly tabled by a vote of 18 to 5. Senator Patrick Sullivan was the only republican who voted against tabling it. The charges mentioned were as follows:

That Charles M. Smith, brother-in-law of Senator Warren, was kept on the Senate pay roll at Washington as a clerk of the committee on claims, Senator Warren being chairman, at a salary of $2,200 a year, while, in fact, he never served in such capacity in Washington, but stayed in Cheyenne all the time, turning his salary over to Senator Warren.

That Hiram Sapp collected $1,440 from the government as assistant clerk and turned the money over to the Senator while remaining in Cheyenne.

That F. E. Warren, son of the Senator, is drawing pay as an assistant clerk of the committee on claims, although absent from Washington and a student at Harvard University.

That Senator Warren leased a building to the government to be used as a postoffice while a United States Senator.

That the Senator has in violation of the federal statutes fenced in a vast area of government land.

That he used his influence to secure from the federal government a contract for lighting Fort D. A. Russell, at Cheyenne, for the Cheyenne Light, Fuel and Power Company, of which he was incorporator and is a principal stockholder.

Panic in a College.

Two freshmen of Gettysburg, Pa., College having become afflicted with smallpox, a quarantine was put upon the institution at 1 o'clock Monday morning and guards were placed around the dormitories. On hearing the news the students became panic stricken, and before daylight over a hundred made their escape by jumping from windows, crawling down fire escapes and forcing their way past the guards. During the night a number hired teams and drove away, while those without money walked through the snow to nearby towns. About 20 boarded an early train to Harrisburg, but the local authorities wired to the mayor of that place, and when the refugees arrived at their destination they were met by a squad of police, who locked them in another car and sent them back to Gettysburg. When this carload of young men arrived at Gettysburg, they were in a bad humor and defied the police to take them from the car, but the officers, instead of using force, laid siege to the car, and, after several hours, hunger forced the boys to surrender. Early yesterday morning the news of the escape was telephoned over the country and all the day constables from nearby boroughs were bringing in students. Last night a cold lunch was served to the imprisoned students by the State Board of Health. All places of amusement and schools have been closed.

Widow Wedded to Her Stepson.

True to the promise made to her husban on his deathbead, on Christmas Eve, Mrs. Angelino Dambro, the widow of a wealthy Italian farmer of Buck Hill, N. J., became the bride of Michelo Buono yesterday. The ceremony was performed by Magistrate John Mecleary at his office, on Filbert, near Juniper street, where less than five months ago he had united the woman in marriage to her late husband. Mrs. Dambro is 28 years old, and the groom eight years her junior. Early in December Dambro was seized with a stroke of paralysis. The Italian farmer realize that there was but scant hope for his recovery. Christmas Eve he called young Buono and his brideto his bedside. "In a few hours I will be a dead man," he said. Promise me before I breathe my last that you two will marry, love each other fondly and respect my memory." Both gave their consent, and Dambro died an hour later. Mrs. Dambro and Buono obtained their marriage license at the City Hall Tuesday, and were married in the afternoon in the presence of a large gathering of members of the Italian colony.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach; liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. Sold by all druggists.

Bad breath, belching of gas and sour risings are due to Indigestion. Kodol Dyspepsia Cure is a guaranteed cure. L. A. Soper of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendations that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when any thing disagrees with her." Kodol is the best medicine in the world for Indigestion, Dyspepsia and all stomach troubles. A trial of this greatest of all digestants will convince any who suffers. Good for young or old. Germany Captured the Contract.

Germany's victory in capturing the contract for the rearmament of the Turkish artillery continues to threaten a serious disturbance of Franco-Turkish political relations. Tewfik Pasha the Foreign Minister, tried to compromise the case, offering to settle the Syrian railways question in a manner satisfactory to the French claimants and to buy military equipment to the amount of $2,300,000 in France. Ambassador Constans, however, demands the expenditure of $6,000,000, one-third of the value of the new armament with French gun factories and the complete satisfaction of the French demands regarding the railroads. These terms the Ambassador declared final, and, not having received a reply Monday, he informed the Turkish government that he refused to continue the negotiations, adding that the French market was closed to further Turkish loans.

As a result of this notification the Ottoman Bank withdrew its proposals for the projected loan and notified the Minister of Finance, Reshad Pasha, that it would not entertain any request of the government for advances. The Deutsche Bank then came to the Porte's aid with an offer to assist the Treasury.

The Germans are thus for the moment in complete possession of the financial field. An irade has already been promulgated ordering the purchase of all the guns in German factories, but it has been decided to rearm only 60 batteries at present, instead of 142, as originally proposed.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Gibson & Timberman and W. F. Creighton & Co.
